EXCLUSIVELY AT THE HOME DEPOT
WHY GLADIATOR

Meet the Smart, Powerful, Easy-to-Install Gladiator

The unmatched Rheem® Gladiator™ gives more than hot water—it gives power. It’s full of built-in smart features to help prevent cold showers, alert homeowners of issues before there’s no hot water and protect your customer’s home from potential water damage. Plus, it's a like-for-like replacement, and it’s easy to install and service.

THE POWER TO CONTROL
Built-in EcoNet® WiFi Technology
Allow your homeowners to control and optimize their water heater experience from their phone.

THE POWER TO PROTECT
LeakGuard™ Protection
Help homeowners protect their home from potential water damage with automatic water shut-off.

THE POWER TO KNOW
LeakSense™ Detection
Detect any water leak—large or small, internal or external.

The More You KNOW

Knowledge is power. With integrated WiFi and the EcoNet® App, homeowners can avoid cold showers, know before they have no hot water and know when their water heater needs service. It’s all possible with Gladiator.

Built-in 360° LeakSense™ Leak Detection
Alerts homeowner about a leak with a built-in water leak detection system that detects any leak—large or small, internal or external—in as little as 15 seconds.

Element Health Indicator
Informs your homeowner if an element—and specifically which element—needs to be replaced so they can schedule a service call.

Energy Usage Tracking
Enables the homeowner to view weekly, monthly and yearly energy usage reports to better manage consumption.

Mobile Alerts
Notifies the homeowner immediately of leaks and service needs through the EcoNet App.

Knowledge is power. With integrated WiFi and the EcoNet® App, homeowners can avoid cold showers, know before they have no hot water and know when their water heater needs service. It’s all possible with Gladiator.

Rheem.com/Gladiator
THE POWER TO CONTROL

Put Your Clients in CONTROL

With built-in smart features, you can provide your homeowners with more control over their water heater experience.

SMART CONTROLS

Built-in EcoNet® WiFi Technology

Allows homeowners to enjoy complete control, like adjusting water temperature and setting Vacation / Away Mode.

Water Temperature Control

Enables homeowners to effortlessly adjust water set temperature to balance hot water needs via the EcoNet App or hands-free voice control with Amazon Alexa or Google Nest.

Set Vacation or Away Mode

Lets homeowners safely save energy on water heating costs while away.

Contact Info in the App

Helps you connect with customers by giving them an easy way to reach and share codes with you for repeat business and simpler service calls.

THE POWER TO PROTECT

PROTECT Their Homes

Gladiator™ features an all-inclusive leak prevention system that quickly detects water leaks, shuts off incoming water and limits the amount of water that could escape the tank.

PROVIDE PEACE OF MIND

LeakGuard™ Auto Water Shut-off Valve

All-inclusive leak prevention system protects your customer’s home from potential water damage.

Prevent up to $4,000 in Home Damage

Water heater failures cost an average of $4,000 per incident after the deductible is paid. With Gladiator, you can help your clients feel safe and save money.

Detect Leaks in 15 Seconds

Gladiator detects leaks in less than 15 seconds and alerts homeowners.

Limit Leaks to <20 oz.

LeakGuard protects your homeowners’ belongings by limiting leaks to no more than 20 ounces.

“I like control of usage and being able to protect yourself money-wise and property-wise from any malfunctions.”

Karen Homeowner
Gladiator Makes It Easy

Feel confident selling Gladiator™ to homeowners while also enjoying hassle-free installation, replacement and service. Build reliable, life-long relationships by giving your clients the peace of mind they deserve.

- **Built-in Premium Features**
  Save yourself time and give your customers up to $600 in value with built-in leak detection, automatic water shut-off valve and WiFi control.

- **Diagnostic Mode**
  View detailed alerts and alarm codes while at the water heater via the Rheem® Contractor App to expedite service.

- **Perfect for Replacement**
  Easy replacement with the same dimensions as a standard electric water heater and one-button startup.

- **Best-In-Class Warranty**
  Deliver peace-of-mind with 12-year limited tank and parts warranty and 3-year full in-house labor warranty.

- **Self-Cleaning**
  Reduces sediment buildup to prolong tank life and maintain the water heater’s efficiency and tank capacity.

**Valve Quick-Release**
If the actuator communication goes bad between the control and valve, you can replace it without touching the plumbing for simple, faster service.

**Leak Sensor Channel**
Leak sensor replacement is easy by opening the bottom element cover and snaking the new leak sensor down the tube—360° protection, all from the front of the tank.

“*It gives you the benefit of knowing...you don’t have to worry...*”
Spencer Plumber

**Designed for the End User—and You**

### Uniform Energy Factor and rated gallon capacity based on Department of Energy (DOE) requirements.

- Heaters furnished with standard 240 volt AC, single phase non-simultaneous wiring, and 4500 or 5500 watt upper and lower heating elements.

*Recovery = wattage/2.42 x temp. rise °F (Example: 5500W = 25 GPH 2.42 x 90°)

**Recovery calculations used are based on 5500 watt elements used in non-simultaneous operation.
