PERFORMANCE PLATINUM™ Gladiator high efficiency electric water heaters are engineered for longer life with built-in leak detection and auto water shutoff

Smart Technology

- **LEAKGUARD™**
  - Integrated leak detection and prevention system with factory installed auto water shut-off valve limits leaks to no more than 20 ounces of water
  - LeakSense™ Built-in Leak Detection System detects any leak large or small, internal or external

- **EcoNet®**
  - Built-in EcoNet® WiFi technology for temperature control and immediate notification about leaks and service needs from anywhere
  - Know before hot water runs out with the Hot Water Availability Indicator in the EcoNet® app
  - Hands-free voice control with Alexa and Google Nest to easily adjust set temperature
  - Element Health Indicator shows exactly which element needs to be replaced and when

Easy to Install and Service

- Diagnostic mode gives diagnostic info while at the water heater to expedite service
- Durable brass drain valve helps drain the tank faster to reduce time on the job

Efficiency

- .92 - .93 UEF
- Dual 4500 or 5500 watt stainless steel heating elements

Performance

- FHR: 55 - 72 gallons, based on gallon capacity
- Recovery: 21 to 25 GPH at a 90° F rise, depending on model
- Self cleaning fights sediment build-up to prolong tank life and maintain efficiency and tank capacity

Longer Life

- Premium grade anode rod provides long-lasting tank protection

Features

- High performance and lower operating cost
- Compliant with many electric utility incentive programs
- Electric junction box located above heating elements for easy installation
- Over-temperature protector cuts off power in excess temperature situations

Plus...

- Temperature and pressure relief valve included

Warranty

- 12-Year limited warranty for tank and parts, 3-year full in-home labor warranty

*See written warranty for complete details

Units meet or exceed ANSI requirements and have been tested according to D.O.E. procedures. Units meet or exceed the energy efficiency requirements of NAECA, ASHRAE standard 90, ICC Code and all state energy efficiency performance criteria.

PERFORMANCE PLATINUM™ Gladiator™ High Efficiency
40, 50 and 55-Gallon Capacities
240 Volt AC/Single Phase

See specifications chart on back.

</table>

Uniform Energy Factor and rated gallon capacity based on Department of Energy (DOE) requirements.

- Heaters furnished with standard 240 volt AC, single phase non-simultaneous wiring, and 4500 or 5500 watt upper and lower heating elements.

*Recovery = wattage/2.42 x temp. rise °F. Example: 5500W = 25 GPH 2.42 x 90°

**Recovery calculations used are based on 5500 watt elements used in non-simultaneous operation.

---

**Source:** Rheem Leak-Sensing Data; testing under a vacuum lock using 50-gallon tank, no expansion tank, average tank pressure of 40 psi, assuming no additional faucets are opened. *Water leaks from the heater only, as tested across scenarios including a minimum of 5.5mL/hr volume leak rate, using most common installation scenarios.

*WiFi broadband connection and EcoNet® App required; connection between water heater and app dependent on external factors beyond Rheem’s control. Amazon Alexa and Google Nest devices sold separately. Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Google is a trademark of Google LLC.

*WiFi broadband connection and Rheem Contractor App required; connection between water heater and app dependent on external factors beyond Rheem’s control.
