When your customers don't have hot water, they don't want to wait. With **Rheem Parts Xpress**, they don't have to. You can get most common service parts in as little as two hours¹ — without the trip to your distributor (or waiting for a part to be overnighted). You get happier customers and more repairs done on time.

Available now in Atlanta, LA, San Francisco, Phoenix and Las Vegas, Rheem Parts Xpress will be coming to additional markets — faster than you expect.
