# Comfort, Efficiency

## Innovation You Can Count On

Patented industry-first features and 360+1 design make the Rheem Endeavor RP18AZ a smart choice.

### Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry<sup>1</sup>—10 Year Parts + 10 Year Conditional Unit Replacement.

### Reduced Emissions

Households generate 72%<sup>2</sup> of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment—today.

### Durable Curb Appeal

Curved louvered panels and rugged corner posts provide excellent support and protection to internal components, while the overall modern cabinet aesthetics, including the corrosion-resistant composite base pan and powder coat paint system allow your unit to put its best face forward for years to come.

### Energy Savings

Just like a vehicle's MPG rating, the higher the SEER2, EER2 and HSPF2 rating (Seasonal Energy Efficiency Ratio / Energy Efficiency Ratio / Heating Seasonal Performance Factor), the higher the efficiency of your heat pump—resulting in more energy savings. Keep in mind, other factors such as system matching, sizing, ductwork and installation also impact the overall efficiency. By working with a properly trained contractor, you can be confident that you are choosing the best heating and cooling system for your home's comfort—and your finances.

### Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our heat pumps are designed with acoustics in mind. Sound-dampening features such as refrigerant tubing design, fan blade approach, composite base pan and innovative compressor and drive technologies ensure that as efficiency goes up, sound levels stay low.

#### SOUND RATING<sup>3</sup>

### Maximum Comfort

Inverter driven, variable speed compressor technology features cooling operation between 40% and 100% of capacity (with overdrive capability up to 115% in extreme conditions) to continuously meet your ever-changing heating and cooling needs. You'll enjoy exact temperature and advanced humidity control that combine to exceed your optimal comfort expectations.

### Among Heat Pumps, This One's A Star<sup>4</sup>

Earning ENERGY STAR<sup>®</sup> recognition means products meet strict energy efficiency guidelines set by the U.S. Environmental Protection Agency. ENERGY STAR certified heating and cooling equipment can enhance the comfort of your home while saving energy—which saves money on utility bills and protects our climate by reducing harmful carbon pollution and other greenhouse gases.

## We Thought of Everything... & Then Some

We evaluate every detail of a product from top to bottom, inside and out and every angle in between. That's 360+1. And that's why you can count on this heat pump to bring you and your family years of efficient and dependable comfort.

## TESTED. TRUSTED. TOUGH.

From the smallest part to complete comfort systems, we build quality into everything we make to be sure it's tough enough to deliver the ultimate performance you count on day after day, year after year. That reliability is what makes Rheem different—and better.

# and Industry-first Innovation

Helping You Live  
Both **Comfortably**  
and **Sustainably**

Many Rheem products have sustainability features, but the RP18AZ has earned our Sustainability Standout Seal, indicating it's among the best of the best. We created the Seal to help you more easily find the products that save energy, save money and save the planet.

The Rheem Endeavor RP18AZ operates with the easy-to-use EcoNet Smart Thermostat, which optimizes system performance and provides a new level of protection and precision comfort **with features like:**

- Communication with latest sensor technology
- Control of your thermostat from anywhere via the EcoNet App<sup>5</sup>
- Alerts sent directly to your phone or email

## Simplified Install & Service with Bluetooth Technology

Built-in Bluetooth® connectivity makes it faster and easier for your contractor to install and service your new system. This can help lower your costs and help make your home comfortable again—fast.

## FEATURES AT A GLANCE

**Cooling & Heating Efficiency:**  
19 SEER2 / 12.5 EER2 / 8.5 HSPF2

**Nominal Sizes:** 2 to 5 Tons

**Cooling & Heating Capacities:**  
22.8 to 54 kBTU

**EcoNet® Enabled:** Yes

**Sound Rating<sup>3</sup>:** As low as 58 dB

**Compressor Type:** Inverter Driven,  
Variable Speed

**Condenser Coil Type:** 3/8 in.

### PlusOnes:

**PlusOne® Diagnostics** –  
Bluetooth technology aids  
in quick & easy service

**PlusOne Expanded Valve Space** –  
Provides a minimum working area  
of 27-square in.

**PlusOne Triple Service Access** –  
15 in. wide industry leading corner  
service access, two-fastener  
removable corner and easily  
removable individual louver panels

### Limited Warranty<sup>1</sup>:

Conditional Parts – 10 Years

Conditional Unit Replacement – 10 Years  
(registration required)
