Warmth you can Count On

Count on the Rheem® Endeavor® Line of 80% AFUE (Annual Fuel Utilization Efficiency) Gas Furnaces to deliver dependable comfort and exceptional value. The line’s efficient performance and excellent durability work hard to help save you money—and deliver peace of mind.
Comfort, Efficiency and Industry-first Innovation

**PEACE-OF-MIND PERFORMANCE**
Relax, you’re covered by one of the best warranties in the industry — up to 10 Year Limited Parts + Limited Lifetime Heat Exchanger.

**QUIET OPERATION**
Sound levels range from quieter to quiet with insulated cabinets and truly variable speed airflow technology — giving you one of the quietest furnace lines available.

**HIGH COMFORT**
Two-stage (medium, low) or single-stage (low) heating operation, along with variable speed motor technology, ensures a steady stream of just-right heated airflow to maintain your comfort level preference while providing superior humidity control.

**ENVIRONMENTALLY FRIENDLIER**
The ultra low-NOx operation of the R801T and R801V models help you lower your carbon footprint by minimizing greenhouse gases.

The Rheem Endeavor Line R802V, R801V and R801V operate with the easy-to-use EcoNet® Smart Thermostat, which optimizes system performance and provides a new level of protection and precision comfort with features like:

- Communication with latest sensor technology
- Control of your thermostat from anywhere via the EcoNet App
- Alerts sent directly to your phone or email

Built-in Bluetooth® connectivity makes it faster and easier for your contractor to install and service your new system. This can help lower your costs and help make your home comfortable again — fast.

From the smallest part to complete comfort systems, we build quality into everything we make so we can be sure it’s tough enough to deliver the ultimate performance you can count on day after day, year after year. That reliability is what makes Rheem different — and better.

We evaluate every detail of a product from top to bottom, inside and out and every angle in between. That’s 360+1. And that’s why you can count on Rheem Endeavor Gas Furnaces to bring you and your family years of efficient and dependable indoor comfort.
