Issue: 2019 Kramer Price List

Date: 12/13/2018

Kramer's list price sheet, now named KLP 1-2019, has been updated. Prices are effective as of January 1, 2019. As previously communicated, the January 2019 prices include a price increase of 3.5% for most equipment, accessories and parts orders received on or after January 1, 2019. This increase is in response to ongoing inflationary pressures. Orders that are received prior to January 1, 2019, for standard lead times, will not be affected. The PDF will be posted soon to the Kramer website under the Support tab located at the top of the first page (select Pricing). Here is a direct link to the page: <https://kramer.htpg.com/pricing/>.

Key changes made to this price list include:

- Prices for most units and options have been increased 3.5% with the following exceptions:

- EcoNet® Controller and EcoNet Command Center prices were not increased
- Prices for the following Next-Gen II med. temp. models were increased 5.5%:
