

ENERGY STAR® 5.0 Certification

For Water Heaters Effective April 18, 2023

New ENERGY STAR 5.0 performance requirements for residential water heater certification will become effective April 18, 2023. The ENERGY STAR 5.0 requirements mirror finalized CEE (Consortium for Energy Efficiency) highest product category tiering and also qualify for the expanded 25C federal tax credit.

WATER HEATERS CERTIFIED FOR ENERGY STAR 5.0
